Thank you!

The Chamber would like to express thanks to all the volunteers and contributors who have made the production of the book possible. A special thank you to Robbie Burge for research, Athol Moore's support and encouragement and Philippa Morris (Bingara and District Vision 2020) for her research. Also Meg Willis for the technical assistance in the book layout and business adverts at a reduced rate.

Thank you to the Gwydir Shire Council for bearing the cost of printing, a substantial saving.

The Chamber encourages those who find this book useful to give whatever support they can to those advertisers.

It is hoped to put this information online at some stage and be continually updating it with the help of the community.

Thank you to David Moor for the reuse of his drawing originally donated for the 2007 Red Book.
